## THE MINISTERS' ALLIANCE

Rev. Kokendoff's Paper, "Campbell's New Theology."

The Rev. A. W. Kokendoff read a splendid paper on "Campbell's New Theology" at today's meeting of the Ministers' Alliance.

A discussion of the paper will be held at the next meeting of the organization on Monday, April 19.

A report of the mass meeting at the Sedalia theater Sunday was received, also a report from the committee that it had been successful in having a list of the ministers and churches of the city catalogued in the telephone directories, the same to be alphabetically presented when the new directories are published.

Among those in attendance were the Rev. Harold Cooper, the new pastor of the First Congregational church, and the Rev. Grant Robbins, the new pastor of the First M. E. church.

## THERE WAS ONE CONVERSION

Evangelistic Services at Broadway Christian Church.

The evangelistic services at the East Broadway Christian church began with surprising interest. There was one conversion at the Sunday morning service and many others manifested vital interest in the meetings. Mr. V. E. Ridenour, of Topeka, Kas., is pleasing large audiences with

his leading of the chorus choir and with his inspiring solos and illustrated songs.

Rev. E. H. Williamson, the pastor, is preaching the Gospel with evident earnestness, and the membership is taking on new life.

The membership in the Bible school has nearly doubled in the past two months. The offerings have also materially increased. The clerk of the church reports that a number of members are contributing to the current expenses of the church who have never been giving.

The subject of this evening's discourse will be, "What Shall I Wear to My Wedding?" Tuesday evening, "The Change of Heart Essential to Salvation." The song service begins at 7:30 p. m.

The afternoon prayer meetings are at 3 o'clock.

An invitation will be extended to every member of the order in Sedalia and nearby towns to attend.

A banquet will conclude the festivities. H. B. Shain will preside as toastmaster.

The Sedalia Printing Co. is at work on the new city directory, and hopes to have it ready for delivery to subscribers some time next month. It will contain the names of all males and females over 16 years of age, and will be much larger than any directory ever before gotten out in Sedalia.

## SPRING FEVER

## GOVERNMENT FILES BRIEF

ACTION TO DISSOLVE STANDARD OIL COMPANY BEGINS IN ST. LOUIS.

## SETS FORTH STATEMENT OF THE FACTS

Says the Company Has Resorted to All Manner of Devices to Throttle Competition—Its Enormous Earnings.

St. Louis, April 5.—The government filed in the circuit court of the United States here today its brief in the case of the United States against the Standard Oil Co. of New Jersey, by which it is sought to dissolve that corporation. The declaration is made that the testimony shows that the defendant has from the first pursued a system of unfair competition against its competitors, whereby the independent companies have either been driven out of business or their business has been so restricted that the Standard Oil Co. has practically controlled prices and monopolized commerce in the products of petroleum in the United States.

This system, the brief contends, has taken the form of price-cutting in certain localities, where there was competition, while keeping up high prices in localities where there was no competition; of obtaining secret information as to competitive business, largely through bribing railroad employees, and using such information to procure the countermarking of orders received by independent concerns.

One evidence of the monopoly, it is charged, is the Standard's enormous earnings, which, the brief contends, on an original investment of \$69,000,000 has earned up to the end of 1906 \$838,783,783.

## HOME FROM THE GAS FIELDS

Mrs. J. M. Planck Returned on Sunday Afternoon.

Mrs. J. M. Planck, of 500 West Fourth street, returned Sunday afternoon from a visit at Centralia and Mount Vernon, Ill., in which latter city she visited the family of the Rev. Frank O. Fannon, formerly pastor of the First Christian church of Sedalia, but now laboring in the Masters' vineyard at Mount Vernon.

Mrs. Planck owns a farm near Centralia, which is an important coal town on the main line of the Illinois Central railway, and had decided to sell it, but there is so much excitement there over the discovery of nat-

ural gas that she reconsidered and will retain possession of the land, this being the advice of Rev. Fannon and other friends.

"I never before met so frenzied a people," said Mrs. Planck to the Democrat-Sentinel, "but I guess they have cause for being something other than normal, for they have a single gas well near Centralia that it is claimed will supply the town with light and fuel for years.

"There are oil and gas men there from all sections of the country and land is being bought and leased in a manner never before dreamed of by the oldest inhabitant. My tenant told me that my farm had already increased \$1,000 in value, so under the circumstances I decided not to sell for the time being."

## SLAUGHTER OF SALOONS

THE ANTI-SALOON LEAGUE IS IN THE SADDLE OVER IN INDIANA.

## VOTE IN 21 COUNTIES PRESENT MONTH

"Drys" Expect to Close 800 "Thirst Parlors" Before May 1—During the Month of March There Were 276 Put Out.

Indianapolis, Ind., April 5.—Eight hundred saloons are marked for slaughter in April, according to the statement of Superintendent Shumaker, of the Anti-Saloon league.

Two hundred and seventy-six more were wiped out in March. Shumaker says that nearly 700 have been abolished since the first local option election was held in December.

Petitions are being filed for elections in twenty-one counties in April. Knox, Laporte, Jefferson and Delaware are the largest counties in which elections will be held.

The indications are that Delaware county, including the city of Muncie, will be voted "dry," as the sentiment against the saloon keepers at Muncie is very strong. The rest of the county is already "dry."

## Received a Death Message.

J. W. Byng, who has resigned as manager of the R. G. Dun Mercantile agency to accept the vice presidency of the Germa Manufacturing Co., effective April 15, as chronicled in the Democrat-Sentinel Sunday, departed at noon today for Paducah, Ky., in response to a telegram announcing the death of his brother-in-law, James H. Wilcox, city engineer of Paducah, who died at 6:40 o'clock this morning.

Mr. Wilcox was 45 years old and leaves a widow and an 11-year-old son.

## QUIGLEY BACK AT WORK

ASKS EXTENSION OF TIME FOR COMPLETION OF NEW ELECTRIC ROAD.

## WANTS ASSURANCE BONUS WILL BE PAID

Nine More Months to Complete Power Plant and Three Months to Finish Line—Name of Road Changed.

Springfield, Mo., April 5.—J. B. Quigley, chief engineer and general manager of the Mansfield, Ava and Southern Electric Railway company, has returned to Ava and has been asked for an extension of nine months for the completion of the power plant and three months for the completion of the line.

Mr. Quigley has been absent from the scene of operations for five months, during which time the interests of McIntosh and Parker, who were the heaviest stockholders in the road, were transferred to other capitalists. Mr. Quigley announces he is ready to complete the road.

Mr. Quigley now has the entire management of the Mansfield-Ava road. Considerable time was consumed in dissolving the old Kansas City, Ozarks and Southern road and organizing the new company, in consequence of which actual construction work has been suspended and the extension of time is absolutely necessary for the success of the enterprise.

The citizens of Douglas county subscribed \$35,000 for the terminals at Ava, the money to be paid when the line was completed and in operation. A time limit was specified in the contract. The contract for the bonus expires within a short time.

The Douglas County Advocate is urging the citizens to favorably consider Mr. Quigley's application for more time, taking the stand that the people want a road and should be willing to hand over the bonus at any time the road is completed and in operation.

It is believed that the line can be finished within six months if work is resumed at once. This Mr. Quigley intends to do if he is assured the bonus will be paid. Considerable money has already been expended in construction work. Most of the roadbed is in shape for the ties and steel. Rails have been laid for quite a distance out of Mansfield.

## Fr. Neiberg Leaves Brooklyn.

The Rev. Fr. Stanislas Neiberg, pastor of Sacred Heart church, who

for the past two weeks has been conducting a mission at St. Boniface church in Brooklyn, N. Y., in company with the Rev. Fr. Benedict, of St. Joseph, Mo., left there at 4 o'clock Sunday afternoon on his way home.

Today Fr. Neiberg arrived at Sidney, O., where he will make a short visit with a sister, after which he goes to Celina, Ohio, for a brief sojourn, and will then start home, arriving here not later than Good Friday, or possibly a day earlier.

## Last Number of Lecture Course.

The last number of the first lecture course will be given at the First M. E. church Wednesday night at 8:15 o'clock. The Minneapolis Symphony quartette, with Adelaide Pierce, contralto, will render the program.

## BLOODHOUNDS GOT HIM

NAKED YOUTH MADE A BRUTAL ATTEMPT TO ASSAULT INDIANA GIRL.

## LEAPED INTO CARRIAGE AND ESCAPED

Identified by Several Persons as 17-Year-Old Boy Who Had Terrorized Women—Confession Finally Obtained.

Brookville, Ind., April 4.—Driving alone toward her home near Laurel Saturday night, a young woman found the highway obstructed by a pile of brush, through which was run barbed wire.

She attempted to move the barrier, whereupon a youth, stark naked, sprang from behind a tree and attempted to seize her.

However, she was able to leap into her carriage, and, her horse frightened, leaped the barrier, the vehicle following safely.

The youth hurled a stone, knocking the young woman to the floor of the carriage, where she was found when her horse pulled up at home. Reviving, she told of the adventure.

Bloodhounds followed a trail of John Marlington, aged 17, to his home near Laurel, and he was arrested on a charge of felonious assault.

Marlington was identified by several persons as the fellow who, stark naked, had been terrorizing women in the locality for a month. He then confessed.

## TWO NEW PASTORS HEARD

Rev. Robbins at First M. E. and Rev. Carlos at Epworth.

The Rev. Grant A. Robbins preached his introductory sermon as pastor of the First M. E. church Sunday morning. A large congregation greeted him, and his discourse met all expectations, despite that much was expected. The church has had an able pastor for the past seven years in the person of Dr. S. S. Martin, but Rev. Robbins is certain to prove a most worthy successor.

At the Epworth M. E. church the Rev. C. R. Carlos preached two splendid sermons Sunday, and departed in company with his wife this morning for Kansas City.

The information in Sunday's Democrat-Sentinel, that Dr. Carlos had asked and would be transferred to the Indiana conference, caused some surprise here, and the members of Epworth church are now awaiting with interest the announcement of who from the Indiana conference is to be their pastor.

## THE PIONEER VEREIN MET

## TEXAN PROVED AN ALIBI

WAS THOUGHT TO HAVE KILLED A GIRL IN INDIANA 32 YEARS AGO.

## PRELIMINARY HEARING HELD AT TULSA

Accused Was Only 14 Years of Age at the Time the Crime Was Committed, and, Moreover, Was Never in That State.

Amarillo, Texas, April 5.—Henry Bunham, recently arrested on complaint of E. Chambers, of Swisher county, Texas, charged with the murder of a girl on the outskirts of Terre Haute, Ind., alleged to have been committed thirty-two years ago, was discharged from custody at the conclusion of a preliminary trial at Tulsa Saturday.

Chambers, who came to Texas two years ago from Indiana, set up the allegation that he had reason to believe that Bunham was the man wanted. He recounted the fact that the girl's body had been horribly mutilated and left in a sack in an attic.

Bunham is one of the wealthiest men in the country and the accusation created a profound sensation among his neighbors.

On the stand it was shown that Bunham has lived in Swisher county, Texas, for twenty-six years; that he is a native of Arkansas and was only 14 years of age when the tragedy was committed in Indiana, and, further, that he was never in the state last named in his life.

The services were largely attended, the funeral cortege being ten blocks in length. Burial was made in the Catholic cemetery, the following serving as pallbearers: Michael McGlinley, Timothy O'Brien, Patrick Sullivan, William Kilgore, William Cue and Patrick Clifford.

**IT WAS A GREAT SUNDAY PAPER.**  
The Democrat-Sentinel management  
desires to thank the kind friends who  
yesterday and today extended con-  
gratulations on the excellence of Sun-  
day's issue of the paper. It was a  
splendid number, it is true, and it is  
gratifying to know that it was appre-  
ciated by the public.

With the dispatches of the Asso-  
ciated Press and the Hearst news ser-  
vice, no important news happening in  
any section of the country was omitted,  
while from a local standpoint there  
was only one—and it was the Demo-  
crat-Sentinel.

The Democrat-Sentinel today has  
more readers and more advertisers  
than ever before in its history, all of  
which goes to show that it pays to  
be the leader.

## TOMORROW'S CITY ELECTION.

Democratic candidates:  
First ward—James M. DeJarnette.  
Second ward—John B. Housel.  
Third ward—J. E. Nicholson.  
Fourth ward—Rudolph F. Dean.  
Republican candidates:  
First ward—J. M. Brown.  
Second ward—John H. Sullivan.  
Third ward—A. L. Pringle.  
Fourth ward—A. W. McKenzie.

Above are the nominees of the two  
great parties who are asking the peo-  
ple to let them take charge of the mu-  
nicipality and run it for two years.  
Neither party has reflected credit up-  
on itself by placing these nominees  
in the field. Some of the men to be  
voted on, it is true, are representa-  
tive citizens, but as a whole the tick-  
ets are notably weak. Each party  
could, and ought to, have done much  
better in their selections. Reading be-  
tween the lines one can clearly see  
that the scum vote of the city was  
had in mind when the nominations  
were made.

This condition is deplorable. Here  
we are a lot of business people, intel-  
ligent people, republicans and demo-  
crats, with a sprinkling of good citi-  
zens who are neither democrats nor  
republicans. Our interests are identi-  
cal; what is good for one is equally  
advantageous to all; we are the tax-  
payers, we bear the burdens, we suf-  
fer from an inefficient administration  
of our city affairs, and yet we sit at  
home when the nominations are being  
made and let the fellow who doesn't  
pay a cent into the city treasury say  
who we shall vote for to con-  
duct the affairs of the city, a far more  
important business than any one in-  
stitution in Sedalia. How many tax-  
payers would want some of the men  
who are asking for their suffrage to-  
morrow to conduct their places of  
business for two years? If the taxpay-  
ers would forget politics and stand to-  
gether we could have one of the best  
governed municipalities in the coun-  
try, but until that is done we are

bound to have a weak city administra-  
tion.

We forget politics in our school  
board, consequently we get most excel-  
lent results, and we can reach the  
same degree of efficiency in our city  
affairs if we would act as sensibly in  
selecting its officers.

It is enough to say, in regard to the  
tickets to be voted upon tomorrow,  
that we will not obtain the best re-  
sults if either ticket is elected in its  
entirety. The good citizen must for-  
get that he is either a democrat or a  
republican, but remember that he is  
a Sedalian and vote solely for Sedalia  
and its greater good. Before casting  
his ballot every conscientious voter  
should ask himself this question:  
Would I be willing to trust the candi-  
date of my party with my private af-  
fairs for two years? Would I be con-  
tent that he should have a voice even  
in the control of a corporation in  
which I am a stockholder? Would I,  
if I owned an interest in a bank, vote  
for him as one of the directors? If  
not, then, if the other man possesses,  
even if but slightly, better attributes  
than he, throw politics to the wind  
and cast a ballot for the better man.  
It is thus only that the city admin-  
istration can be placed upon a busi-  
ness basis, and the municipality can  
reach that high plane on which it  
justly belongs.

## VOTE FOR SCHOOL EFFICIENCY.

In addition to voting for members  
of the council tomorrow, the citizens  
of Sedalia will be called upon to sav-  
by their ballots whether or not the  
city schools shall be kept in the  
same high state of efficiency that now  
characterizes them.

For years past it has been the pol-  
icy of the people of this school dis-  
trict to vote a 45-cent increase on the  
hundred dollars assessed valuation  
over the regular amount provided by  
law. That this has been a wise policy  
has been thoroughly demonstrated  
by the rank the Sedalia schools  
have attained and by the hun-  
dreds of pupils who have been  
sent out into the various walks of  
life splendidly equipped for the strug-  
gles which they of necessity must en-  
counter in striving for success, each  
in their chosen field of endeavor.

Without the sure foundation given  
to these schools these boys and girls  
would oftentimes have been seriously  
handicapped at the very beginning,  
and that they were not so handicapped  
is owing solely to the fact that the  
taxpayers of Sedalia have willingly  
and gladly given them a better  
schooling than the ordinary rate of  
taxation could have provided.

Again this year the school board  
is asking that the same tax, as given  
in the past, be voted again, to the end  
that there may be no backward step  
in Sedalia's part of the great Ameri-  
can institution—the free common  
schools.

Citizens should bear in mind when  
voting tomorrow that in casting their  
ballots for the increase they are not  
favoring an increase over past years,  
but are simply authorizing the levy-  
ing of the same rates that have been  
levied in past years, and which has  
resulted so very satisfactorily to all  
concerned.

Above all things, let us keep our  
schools as strong and efficient in the  
future as they have been in the past  
and this can only be done by voting  
for the usual increase.

L. A. Bradley, aged 33 years, died  
from consumption at his home, eight  
miles northeast of Sedalia, at 9:30  
o'clock Sunday morning. Funeral ser-  
vices were held at Hopewell church  
at 2 o'clock this afternoon, and burial  
was made nearby. Deceased was a  
single man.

## Young People Demand Liberty.

There is a growing desire on the  
part of the young of both sexes in  
China to choose their own mates. Fa-  
thers and mothers are therefore called  
upon by the Chinese to uphold the old  
rules. Children, says the Chinese board  
of education, should have nothing to  
do with a choice in such matters. How-  
ever, a very grousing picture is  
sketched by a native editor of the mis-  
eries that abound in China on account  
of the way in which marriages are ar-  
ranged, and it is contended that young  
people should have some choice.

## Prize Offered Astronomers.

A novel competition is to be decided  
by Halley's comet, which is expected  
soon to come in sight for a few  
months of its 75-year circuit around  
the sun. A wealthy European amateur  
astronomer offered a prize for the best  
computation of this comet's orbit, sub-  
mitted before the close of 1909, and a  
competing ephemeris for this year and  
next indicates a very different route  
from that expected, showing the perihelion  
passage in the middle of June  
instead of the middle of April, 1910.

## Ideal Resort for Rest.

Up on the Alps a new hotel is ad-  
vertised as the ideal resort for those who  
want a complete rest cure. All the  
plates, dishes, cups and saucers are  
made of papier mache, so that guests  
will be spared the clatter of a restau-  
rant, and as the material is so light  
guests will suffer the least possible  
fatigue in lifting the cups to their  
lips.

# TRY TO BLOW UP NEWSPAPER

Editor Breezley Discovers Infernal  
Machine and Dynamite.

Girard, Kas., April 5.—An attempt  
was made Saturday night to blow up  
the building occupied by the Inde-  
pendent News, a weekly paper here.

An infernal machine and three  
sticks of dynamite were discovered  
by Editor Ben R. Breezley at 11  
o'clock. The clock was set to alarm  
at 12.

The explosion, had it been success-  
ful, would have blown the rear end  
of the building out, besides damaging  
the linotype and printing materials.  
It is supposed to be the work of in-  
ferndaries, who were scared away be-  
fore the trap was completed.

An unsigned note was found about  
10 o'clock Sunday reading as follows:  
"Breezley—Before you wake you and  
yours will be blown harder than the  
blow you tried to give others."

Will Remove to St. Paul, Minn.

The Rev. James Parsons, formerly  
pastor of the First Congregational  
church in Sedalia, who is now engaged  
in philanthropic work in the inter-  
est of prisoners, with headquarters at  
Minneapolis, Minn., will arrive tomor-  
row to pack his household goods.

Mrs. Parsons and children expect  
to be able to leave Sedalia permanent-  
ly by Saturday. They will go to St.  
Paul to live, although the Rev. Par-  
sons has his headquarters at Minne-  
apolis.

## Her Mental Brightness Hereditary.

Miss Jean Heck, the leader of the  
class of 1908 in the University of Cin-  
cinnati, had a higher average in schol-  
arship than any other student who has  
attended the university since it was  
founded in 1870. She was a few days  
over 21 when she received her diploma  
and is described as the healthiest, as  
well as the brightest girl in her class.  
Her parents were both teachers in In-  
diana when she was born, and Miss  
Heck's unusual mental and physical  
strength is attributed to the fact that  
her mother as well as her father was  
mentally and physically developed.

## Substitute for Leather.

Seaweed, dust, goat's hair and Irish  
moss, compounded by a secret chemi-  
cal process, is claimed to be, by its  
inventor, Mr. John Campbell, a per-  
fect substitute for leather, vulcanite,  
wood and marble. As leather, it makes  
serviceable soles for shoes. Among  
the things the compound is good for  
are picture frames, ornamental mold-  
ings, imitation wood partitions, belting  
for machinery, upholstery, cotton-spin-  
ning bobbins, electric switchboards,  
flooring, golf balls, fountain pens,  
"marble" in all colors, chess boards,  
bookbinding, and "ivory" combs.

## Smoke While Listening to Gospel.

Rev. Sydney Goodman, director of  
the Men's club of Atlantic City, is be-  
ing congratulated on the success of his  
work. The Sunday night gatherings at  
his church have become a feature of  
Atlantic City life. They are limited to  
the male sex. Cigars are passed around  
and the men made to feel at home  
while the minister is preaching the  
Gospel to them. From a congregation  
of 200 in 1907 his church has now  
reached a total membership of more  
than 2,000.

No longer is the Bank of England  
the greatest institution of its kind. In  
volume of business transacted, at

# THE ST. LOUIS ELECTION

Precautions to Be Taken Against  
Frauds at the Polls.

St. Louis, April 5.—Tuesday a new  
set of municipal officers will be elect-  
ed in St. Louis and this morning the  
police department received from the  
circuit attorney more than 500 infor-  
mations, which had been issued  
against falsely registered names now  
on the poll books. The election board  
furnished the names to the circuit at-  
torney and arrests are to be made if  
the names are voted.

At each voting place at least one  
policeman will be on duty and at  
some, where it is believed fraud will  
be attempted, from two to six patrol-  
men and a sergeant will be ready to  
make arrests and prevent riots.

## Savannah Confection.

Three pounds powdered sugar, milk  
from one coconut, two tablespoons of  
vinegar, lump of butter size of an  
egg, one-half tumbler each of soda and  
salt, water enough to cook sugar. Cook  
until candies. Have either a marble  
slab or zinc on kitchen table greased  
with butter, about twenty inches  
square. Have prepared one pint  
nut kernels. Take hull from coconut  
and grind meat fine in a chopper; clip  
up a pint of seeded raisins, figs, and  
dates. Put these ingredients on the  
greased slab and pour the cooked  
candy over them, stirring with a heavy  
spoon until it begins to thicken. Have  
molds well greased with butter and  
dip the pudding into them.

## Sirloin Steak a la Soyer.

Remove flank and fat from a sirloin  
steak cut about one inch and a quarter  
thick. Baste with butter and sprinkle  
with grated bread crumbs mixed with  
fine chopped parsley and olives. Flat-

cold water and broil over a fire that  
is not too hot about 12 minutes. Re-  
move to a hot dish, sprinkle with salt,  
spread with three tablespoonsful of  
creamed butter mixed with a tea-  
spoonful of lemon juice, a teaspoon of  
parsley and a tablespoonful of fresh  
horseradish.

## Cake Without Eggs or Milk.

A frugal cake is a sensible economy  
worth working out in these days of  
high-priced provisions, and you may  
be sure this one is as good as it is  
inexpensive. One cup of butter, one  
cup of brown sugar, one cup of mol-  
asses, one cup of coffee, one teaspoon-  
ful of cinnamon and cloves and nut-  
meg, two teaspoons of baking powder,  
flour for stiff dough, and add last  
of all two cups of dregged raisins.

## A Can of Salmon.

A can of salmon is one of the most  
reliable helps that a housekeeper can  
have in stock. It can be served as a  
bisque, diluted with a thin white sauce  
and strained, may serve as salad pick-  
ing the solid meat apart arranging on  
shredded lettuce or lettuce hearts,  
dressed with mayonnaise and garnished  
with olives or hard-boiled eggs, or may  
serve as the substantial part of a  
meal in a loaf or scallop.

## Mexican Pudding.

Butter and line an oyster bowl with  
sliced sweet potatoes. Take two-thirds  
can sweet corn and mix with one green  
pepper and one Spanish pimiento  
chopped fine. Put on a cover of sliced  
sweet potatoes and bake in a brisk  
oven 15 minutes. Turn out on a plate  
and serve.

## OVER A HUNDRED ADS

WANT AD DAY SUNDAY WAS A BIG SUCCESS IN EVERY PARTICULAR.

### SOME ADVERTISERS GET QUICK RETURNS

W. J. Cotton, a Former Windsor Newspaper Man, Had an Applicant for His Calf Before Breakfast Sunday.

Want Ad day—Sunday, April 4—caused a large number of people to make their wants known. Some had something to sell; others had rooms or houses to rent; others things to sell or exchange, and still others had found or lost something. Altogether there were over 100 of these little ads in the paper—to be accurate, 108—the largest want ad day in the history of the paper.

These little ads "made business good" all over the city, and the returns came hardly before the ink had dried on the paper. Many did not stop for the Sabbath to answer the ads, but went ahead, fearing, no doubt, someone would rob him of the opportunity to get possession of the wanted property or article.

Replies to the "silent addressed" ads came thick and fast to the Democrat-Sentinel office, where they await the advertisers.

Mr. W. J. Cotton, who was offering a thoroughbred calf for sale, says he had one applicant before he got his paper yesterday morning, and that all day Sunday fourteen other persons answered the ad.

Mrs. Minnier, of 1006 South Massachusetts avenue, advertised a phanton for sale, and, believing she would need a week's run of the ad to sell it, ordered it for six insertions. This morning she phoned to the office and ordered the ad discontinued, saying she had sold the property.

Other instances of the quick returns received through these little ads reach the Democrat-Sentinel office frequently and columns could be written about them.

Want Ad day was a success and proved advantageous in many quarters.

"Thirteen" and a "Bit."  
A "thirteen" in money was a small coin in circulation in Ireland in the early part of the nineteenth century, equivalent in value to thirteen pence, and was known locally as a "thirteen." A "bit" in money means any small coin, as a four-penny bit, a six-penny bit. Specifically it is the name of a small West Indian coin, worth about ten cents. In parts of the United States there was formerly a small coin (called in some states a Mexican shilling), of the value of 12 1/2 cents, and this was called a "bit." In the Canadian West to-day a "bit" is said to be 15 cents, and 25 cents represents "two bits."

Real Meaning of "Cravat."  
"Cravat," or rather the French "cravate," means simply Croatian; Hume, the historian, for instance, speaks of certain troops as "Cravates and Tartars, Hussars and Cossacks." But the French borrowed the word for the new neckwear introduced among them in imitation of the linen scarfs worn by the Croatian mercenaries whom they saw during the Thirty Years' war. In English "cravat" has ranged in meaning from a tie to a comforter and has varied also in pronunciation both Pope and Dryden accentuating the word upon the first syllable.

### FILED SUIT TO RECOVER BACK DUTIES

Are Alleged to Date From 1901, and Uncle Sam Now Demands Very Clever Sum of \$1,500,000 From Big Trust.

New York, April 5.—The government having been awarded by a jury in the United States district court the sum of \$14,116 as penalty for the fraudulent weighing of sugar at the dock of the American Sugar Refining Co. in Williamsburg, United States District Attorney Stimson in a note of issue which he has filed with Commissioner Shields, asks that advancement and preference be given to another action instituted by the government in the United States circuit court against the sugar trust.

This suit is to recover \$1,500,000 back duties since 1901, based on the allegation that the Brooklyn refinery's checkers juggled with the scales used by the customs weighers, so that the sugar company was able to sell a greater amount of sugar than had been weighed.

The lawyers for the sugar company today asked the court to dismiss the government's complaint.

Detroit, Mich., April 5.—After making a confession to the police here of how she killed her husband by shooting him as he slept Mrs. Victoria Cymbalowski, a comely woman of 23, has told Judge Connolly that her alleged confession was a "frame up" dragged from her against her will by the sweat-box methods of the detectives' office.

The court was shocked at the woman's story, which she told with much exactness of detail and it is believed an investigation will be ordered into the police methods in vogue.

A new trial will also be granted in all likelihood.

Strange Fare for Parisians.

Amid the horrors of the stage of Paris in 1871, one Cadol found time to issue a book or recipes for the preparation of the strange fare to which the city was reduced. "Our stomachs are turned into natural history museums," he wrote, "but we must make the best of circumstances, and render our food as palatable as we can." So housewives were instructed how to disguise the flesh of dogs, horses, asses, rats and mice; and were shown that, despite the old adage, one can make an omelet without breaking eggs. The recipe for an eggless omelet was as follows: "Soak an army biscuit in sugared water flavored with orange flower; chop finely and spread on a hot dish; powder well with sugar, and then pour over, and set light to, a liberal helping of rum." With eggs at six dollars a dozen and rum at but little more than its normal price, this

### EASTER MUSIC RANG

In the Ears of the Church Janitor as He Drifted Into Eternity.

Baltimore, Md., April 5.—While the strains of sweet Easter music, rendered by the rehearsing choir of the Seventh Baptist church still reverberated from wall to wall of the house of worship, John Vick, the young assistant janitor of the church, laid himself down upon a pine table in the basement of the building, after deliberately turning on all of the gas cocks in a large stove, and calmly began his last sleep.

Cold and stiff the body was found at 8 o'clock in the morning by William Vick, the father of the young man. No cause can be advanced for the suicide.

Golf and the Amateur.  
The abolition of the amateur definition would not alter anything that is of any value to golf. It need not even mean the abolition of the amateur championship if clubs simply excluded from their membership those who were or had been professional players, and it would certainly clear the game of many injustices, abuses and misconceptions to which the definition gives rise.—Chambers' Journal

### THE STOLEN HORSE.

An Old Proverb With a New Application.

The woods are full of "so-called" remedies for Baldness. You may call anything in creation a remedy, but to use them is like locking the stable after the horse is stolen.

Baldness and Dandruff are caused by a germ—if you don't kill the germ the germ will kill the hair.

Scientists have labored with the problem of a preventative for Baldness for many years.

Newbro's Herpicide is the product of a modern idea, and will cure Dandruff and prevent Baldness because germs cannot exist when you apply Herpicide.

Herpicide is a valuable hair dressing and scalp disinfectant as well as a cure for Dandruff.

Sold by leading druggists. Send 10 cents in stamps for sample to The Herpicide Co., Detroit, Mich. One Dollar Bottles Guaranteed.—Scotten Drug Company.

## GRAFT CASE IS UP TODAY

IT GREW OUT OF THE ERECTION OF NEW CAPITOL, AT HARRISBURG, PENN.

TRIED TO DEFAUD STATE OF \$25,577

Of the Five Original Defendants All but One, Joseph M. Huston, an Architect, Have Been Convicted and Sentenced.

Harrisburg, April 5.—Today the third of the series of trials growing out of the capital furnishing scandal is before the court. Conspiracy to defraud the state of \$25,577 in a bill for \$61,948 for desks is charged in this case.

The original defendants are John H. Sanderson, of Philadelphia, a contractor for furnishings; Joseph M. Huston, of Philadelphia, the architect of the building and designer of some of the furnishings; former State Treasurer W. L. Mathews, former Auditor General W. P. Snyder, and J. M. Shumaker, former superintendent of grounds and buildings.

With the exception of Huston, these defendants have all been convicted and sentenced for defrauding the state in a wooden furniture contract, but they are out on bail, pending an appeal to the superior court. The case is known as the "desk" case and is said to show fraud not only in the billing, but in the calculations.

It also has several features similar to the first case in which incorrect itemization was charged.

## BARTENDERS HAVE A PLAN

Suggest Way for Protection of New England Liquor Interests.

Boston, Mass., April 5.—The growing prohibition sentiment throughout the country was discussed yesterday by the executive board of the New England branch of the Hotel and Restaurant Employees, and of the Bartenders' International Alliance, which met here to formulate plans for the national convention in Minneapolis in May.

A resolution which was framed to be presented to the national convention as embodying the ideas and plans of the New England branch for the better protection of the liquor interests, calls for a law granting a permanent license system to all cities of 50,000 population or over, a bill limiting local option to municipalities and towns with a population of less than 50,000; each municipality to have complete control of the license commission and two-thirds of the fees to go to the town, one-third to the state.

A levy of \$10 on all liquor dealers to support a board of inspectors is advocated, the duty of inspectors being to see that all liquors are 90 per cent pure, on the theory that drunkenness is due mainly to adulteration.

## "WIFE WILLED ME THE GIRL"

Remarkable Plea Made by Man Charged With Abduction.

Edwardsburg, Mich., April 5.—Claiming that he was entitled to the possession of 15-year-old Mabel Hayes by the will of his wife, the Hayes girl being her sister, Frank VanLeu, aged 22, whose home is near here, was arrested at South Bend, Ind., Saturday night and is awaiting trial on the charge of using force in attempting her abduction.

Within two weeks after the death of VanLeu's wife, VanLeu, it is said, forced Mabel Hayes, then a girl of 14, to elope with him to Kansas City, while her parents searched everywhere for her, but in vain.

After three months, the story goes, VanLeu wearied of his companion and decided to return to Edwardsburg. Again a freight car carried them part of the distance.

"I went with the girl away from home because her sister, who was my wife, willed her to me and said that I should marry her," was VanLeu's remarkable defense. "We were both going to Louisville this time, where we were to work for two years and then get married."

## FOUR WOUNDED IN LID ROW

Sale of Liquor on Sunday Ends in River Tragedy.

Wellsville, Ohio, April 5.—Four persons were injured in a fight between members of the Good Citizens' league and men who had been drinking on a houseboat anchored in the Ohio river sixty feet from Wellsville, but in West Virginia jurisdiction, last afternoon.

While the West Virginia line comes to the Ohio side of the river, the Ohio authorities have been claiming jurisdiction over the sale of liquor close to the shore, until a decision last week gave undisputed right to sell liquor in boats sixty feet from the Ohio shore without interference by Ohio authorities.

A boat, said to have been well stocked with liquors, arrived here early yesterday and anchored sixty feet from shore. During the day skiffs and small boats were busy playing between the shore and the boat with passengers, while the shore was lined with men.

Members of the Citizens' league

appeared and the liquor sellers, suspecting interference, started a fight. Revolvers were drawn and soon a hail of shots passed between the boat and shore. The police interfered and caused arrests after the four wounded had been taken to the hospital.

When the soft candy got stuck in his side whiskers he became very fiery and told the conductor. Wasn't he rude?"

## Blucher's Lost Opportunity.

M. Arthur Chuquet tells, in L'Opinion, a story of Napoleon and Blucher. The emperor received the general at the Castle of Finkenstein while he was preparing for the siege of Danzig. He drew him to a window in an upper story and paid him compliments on his military gifts, and Blucher, going away delighted, described the interview to his aide-de-camp. "What a chance you missed!" exclaimed the latter. "You might have changed the whole course of history." "How?" "Why, you might have thrown him out of the window!" "Confound it!" replied Blucher. "So I might! If only I had thought of it."

### "YOU ARE LOSING THEM"

WAS SUNG TO THE TUNE "HOLY CITY" BY THE CROWD IN PHILADELPHIA.

AND YOUNG LADY BLUSHED PERCEPTIBLY

Fine Linen and Lace Together With Little Pink Bows, Seemed to Sprout from the Ground Beneath Her Feet.

Philadelphia, April 5.—As she tripped toward the pavement after alighting from a car at Chelton avenue, on Germantown's busiest corner, a richly gowned young woman suddenly stopped and flushed scarlet.

Fine linen and lace and little pink bows seemed to sprout like grass from the ground beneath her.

Passengers on the car descended and gazed. After them followed the motorman and conductor. They gazed, too. Drivers reined panting horses to join the spectators.

Then a number of newsboys started a song. To the tune of "Holy City" they chanted, "You're losing them, you're losing them," and scores joined in.

Two squares away Policeman Keeney heard the uproar and came on the run.

From the crowd he selected several women. He gathered them together in a circle with the girl in the center, and they spread their skirts around her until the situation could be saved by means of safety pins.

**SHOOTING IN A CHURCH ROW**  
Two Girls Hit, and Pastor Preaches Under Police Protection.

Denver, April 5.—As a result of the ill feeling aroused by the trouble among the parishioners of the German Evangelical church of Globeville, a suburb of Denver, a riot broke out Saturday night in the National liquor house at Globeville, in which a dozen shots were fired, injuring two little girls, Lizzie Wertzel, aged 8, and Mary Wolf, aged 11. The girls were struck by the charge of a shotgun supposed to have been fired by Adam Jacoby, 35.

The trouble grew out of the attempt of a portion of the members of the German Evangelical church to oust Rev. Adam Traudt, pastor of the church.

Friday night the pastor stood guard behind the barricaded doors of the church to prevent the entrance of part of his congregation which desired to hold a meeting deposing him.

Mr. Traudt held services Sunday morning under the protection of a strong force of policemen.

Naples, April 5.—The city of Naples today extended an enthusiastic welcome to ex-President Roosevelt, who arrived here at the noon hour today.

Roosevelt did not come ashore until 2:30 o'clock but when he landed at the dock was greeted by thousands of cheering people.

## RUMBLINGS OF THE RAIL

PROSPERITY IS WAITING FOR  
TARIFF AND CROPS, SAYS  
JAMES J. HILL.

### COACH CAB AND CABOOSE ITEMS

Matters of Interest Picked Up From  
Various Sources For the Benefit  
of Democrat-Sentinel  
Readers.

"If the tariff is given prompt attention and this year's crops are good, there should be a return to the wholesome conditions of 1905 and 1906," says James J. Hill, head of the Great Northern.

"It is best that normal conditions should be restored surely rather than swiftly," he said.

Mr. Hill stated that there were 270,000 idle freight cars in the country, which if coupled together, would make a train extending from New York to St. Louis and then back to Baltimore.

"Yet there are those who ask why car shops are not running full force, and when the railroads are going to order new rolling stock," he continued.

"Orders for new cars will be put in when the old and idle ones are used and new ones are needed. The expeditious enactment of the tariff legislation will help business, but it will not be a cure-all."

He explained that much depended upon the crops.

### Hadley Asks 2½ Cent Fare.

Governor Hadley in a letter Sunday night to C. R. Gray, president of the St. Louis & San Francisco railroad, gave four reasons why the roads should not put into effect their 3-cent passenger rate on April 10, but should give the people of Missouri a 2½-cent rate, with 10 per cent off on round-trip tickets.

He says under the proposition laid down by the railroads four-fifths of the passenger traffic of the state will be at approximately 2½ cents a mile, while the remaining one-fifth, embracing, in his opinion, the majority of the passenger traffic, would be required to pay 3 cents, a situation which, he says, will lead to controversy.

### Engineer Sees Home Burn.

A special to the Dispatch from Boone, Ia., says: "As Engineer W. A. Reed, one of the oldest Northwestern railroad engineers, was bringing in the Overland Limited today, he passed within a quarter of a mile of his beautiful home, 'The Maples,' which was burning.

"He could not leave the train, but after reporting hastened back to find the house, barn and shed and a quantity of stock destroyed. The loss is \$5,000, partially insured.

"Engineer Reed had just paid for the place and the temptation to stop the train for help was strong."

### Officials Passed South.

A. H. Joline, president of the M., K. & T. railway system, and a party of executive officers of the company, passed through Sedalia at 4:50 o'clock Sunday afternoon in a special train, consisting of five cars, en route from St. Louis to Parsons and points in Texas.

Lee Mudd was in charge of the train and Ed Lydick pulled the throttle of engine No. 78.

### A Veteran "Katy" Telegrapher.

James E. Lytle, M., K. & T. dispatcher at this place, is probably one of the oldest telegraph operators in the business, says the Moberly Democrat of Monday.

Saturday was his sixty-fourth birthday, and he is still hale and hearty. He has been telegraphing for nearly fifty years and is about as skillful as the best.

### A Change On the Katy.

Effective on April 1, T. S. McDowell, who has been general superintendent of the M., K. & T. railway of Texas, becomes acting superintendent of transportation, while J. W. Walton assumes the duties of acting general superintendent. The change was made because of the impaired health of Mr. McDowell.

### SALOON THOUGHT NO. 114.

Tomorrow the city will elect aldermen. Just note the prediction, that not one single man will be elected who does not believe in licensing saloons. If we received one single iota of good from what the saloons collect, it would be quite different, but to exchange our money for criminals, drunken sots and the like, is utter foolishness. To think that the saloons have had almost COMPLETE control of our city, and its entire management, and we find that we have averaged going in DEBT \$4,000 EVERY year for the last 50 years and if we pay 6 per cent on our debt we are paying \$1,000 INTEREST every month on our DEBTS. With men being elected, year after year, that are that class of financiers when on earth will we EVER get out of debt? The family can't spend their money in the saloons and meet the debts of necessity, neither can the city.

## DRINK SENT HIM TO PRISON

Veteran of Civil War Has Been Pardoned by Governor.

Jefferson City, Mo., April 5.—William J. Brownfield, 70 years old, a veteran of the civil war, and with an unblemished federal record, was released from the penitentiary Saturday on a parole issued by Governor H. S. Hadley on the recommendation of Pardon Attorney Frank Blake. He was convicted in March 1908, of assault to kill and sentenced to five years.

During a soldiers' meeting held in

Jefferson county, and while drunk, Brownfield assaulted another old soldier, Paul Patton, with a bayonet and dangerously wounded him. The assault was entirely unprovoked and due solely to Brownfield's intoxication.

Patton presently recovered, and the other day he addressed a long letter to Governor Hadley begging him to release his assailant, saying that he did not want an old soldier with an honorable war record to die in the penitentiary. Brownfield is badly broken in health, and at best cannot live long. He has a good name in Jefferson county, where he has resided for many years, and was never before in any trouble.

After his release he said that whiskey had caused his disgrace and he would never take another drink during the remainder of his life.

## GETS SAD NEWS OF SON

Father Learns of Boy's Death in the Philippines in 1903.

Washington, April 5.—Senator William J. Stone wrote a letter Saturday to E. B. Gladden, of Lurie, Mo., which will bring an aged father the news that his son, who left home ten years ago and has not been heard from since, died in 1903 in the Philippines.

Mr. Gladden wrote to Senator Stone several days ago, telling him that his son, Morgan L. Gladden, enlisted in a California regiment of volunteers for the Spanish war. The father had not heard of him for years and asked the Missouri senator to inquire for him through government channels.

## MISSOURI CROP REPORT

PRESENT INDICATIONS POINT TO A VERY LARGE ACREAGE OF CORN.

DECREASE OF TWELVE PR. CT. IN WHEAT

Oats 17 Points Below the Average—Rye 2 Points Below the Low Average of 1904—Clover Badly Frozen Out.

Columbia, Mo., April 5.—The first monthly crop report of the season was made public Saturday by the secretary of the state board of agriculture, as follows:

The season has opened up favorably and somewhat earlier than the average and farm work is progressing satisfactorily. Live stock, as a rule, has gone through the winter in good condition, and most of our correspondents report an abundance of feed. A number of correspondents complain of hog cholera, and the loss during the winter on this account has been quite heavy. The Missouri agricultural experiment station is now manufacturing serum for inoculating hogs for cholera, but owing to limited funds the supply is not sufficient to take care of the demand, and will not be until the legislature provides the necessary funds.

Corn—The present indications are for an unusually large acreage of corn this year. The facts encouraging a large acreage are (1) the high price of corn; (2) the scarcity of old corn now in the cribs; (3) in a number of counties, particularly in the southwestern part of the state, broom-sedge, a troublesome weed, is spreading over the meadows and pastures, and thousands of acres will be ploughed up this spring in order to get rid of the pest. The only known remedy for it is close-grazing or cultivation. A larger per cent of corn land is ploughed this spring than for any of the past five years, the per cent being 32. The soil, except in a few of the northern counties, is in excellent condition for planting. A little corn is reported planted in the extreme southwestern counties.

Wheat—On account of the excessive drought which prevailed over the state during last August and September, the wheat acreage sown was greatly reduced. It is estimated that only 1,650,000 acres were seeded last fall, a decrease of more than 12 per cent below the acreage sown the previous year. The condition of the crop on the first of December last year was 79, which was 10 points below the five-year average. During the winter there was a lack of snow-covering, and on account of the sudden changes from warm to exceedingly cold weather, the wheat has been greatly injured and perhaps a considerable portion of the land sown will be ploughed up and planted to other crops. The greatest damage on this account seems to be in the west central portion, where it is injured very badly. The present average condition is 70 per cent, which is 21 points below the condition at the same time last year, and 18 points below the five-year average for the first of April.

Owing to the high price of seed, the indications are that the acreage sown to oats this year will not be as large as usual. Fifty-two per cent of the crop is sown at the present time. This is 17 points below the average for the last five years. A few counties in the southwest section report the oats coming up.

Clover—Owing to the sudden freezing and thawing last winter the clover has frozen out of the ground very badly. The condition of clover at the present time is 74 per cent, which is the lowest since the spring of 1906, and is 11 points below the average of the last five years. Indications are that much of the old clover will be ploughed up and planted to corn. Sections the worst affected are the northwest and a few counties in the west central, and also a few counties in the northeast section.

Timothy—This kind of meadow has passed through the winter in much better condition than other crops. Although the sudden freezing and thawing injured it to a great extent, it has an average of 88 per cent, or 3 points below the five-year average.

Rye—Rye in common with other crops, has suffered from the severe winter, the average condition being 82 per cent, or two points below the average of 1904.

Sedalians Met by a Band.

Carl P. Werner, who has a \$50,000 street paving contract at Kirksville, Mo., came home Sunday to visit his family. Mr. Werner took twenty-five men from Sedalia to Kirksville to do the work and on the arrival of the party there the Kirksville band met them at the train and extended a welcome.

Fire Adjusters Here.

Fire insurance adjusters arrived in Sedalia today to adjust the damage done to W. H. Cloney's residence, on West Broadway, during the fire last Thursday evening.

## PRESSAGENT IS NO MORE

THIS PARTICULAR PERSONAGE IS THING OF THE PAST AT THE WHITE HOUSE.

"T. R.'S" FREE SPEECH POLICY CUT OUT

Hereafter All Interviews Will Mean Something—There Will Be No More Verification of Reports by President.

Washington, April 5.—In the giving out of news at the White House perhaps the most striking departure from the Roosevelt methods has been shown since March 4.

The day of the "fair-haired boy," as the Roosevelt newspaper favorites were locally (and perhaps enviously) known has passed. There are no press agents in the administration, or if there are they do not appear as such at the White House.

Mr. Taft had not been president very long before he announced that he would cease seeing newspaper representatives with the same freedom they had been accustomed to at the White House. The first version of this was that when he had anything to communicate to the newspapers he would send for representatives and talk to them, but that at other times he did not care to see the Washington correspondents.

Either this was not his position or he soon modified it. Now the practice is to see newspaper representatives by appointment, and when the interview is sought the president requires that the subject of it shall be stated. This gives him an opportunity to decline to take up subjects he is not

St. Louis, April 5.—Friends of Miss Mary Fullerton, J. Pierpont Morgan's niece, said to be the wealthiest young woman in St. Louis, and who is to be married to Paul Blakewell, jr., later in the spring, believe that sentiment is behind the selling of the beautiful home which she has just built at 4494 Westminster place. The mansion has been sold to Richard McCulloch, vice president and general manager of the United Railways, for \$40,000.

When young Blakewell won her hand Miss Fullerton had just started the building of her home. Her fiance told her he desired her, after the ceremony, to live with him in a little cottage near his father's home in Kirkwood.

So the Westminster place house was put on the market and the building of the fiance's house went on rapidly. It will not be occupied by the young couple until next fall, for, after the wedding, they will take a long trip.

## CONSULT US ABOUT YOUR PAINTING

Before painting it is advisable to post yourself as thoroughly as possible on every phase of the subject. We help you do that. The mischief caused by covering your house with an inferior paint is hard to undo. Poor material makes painting a bugbear instead of the joy of beautifying the home that it should be. With our advice you need run no risk. A paint made of

Such a paint is as durable as it is beautiful, and leaves the best possible foundation for repainting.

He has a good fellow's dislike of being even apparently discourteous to old friends, but unquestionably his policy is to put presidential expressions on a more dignified plane. Providence, R. I., April 5.—Fifteen girl waiters in a leading restaurant went out on strike here because one of their number was reproved by the

proprietor for "jostling" a millionaire over the telephone. At least that is what Miss Kitty Reiner called it. "Yes, I considered it all right," she said, "and I don't think anything was coming to me from the boss as long as the millionaire was a customer and was telephoning in his order for a few lobster sandwiches."

## FIRE IN INSANE ASYLUM

SIX HUNDRED HELPLESS PERSONS ARE THREATENED WITH DEATH.

### WOMAN SAW BLAZE AND GAVE THE ALARM

Several Buildings Destroyed Before the Fighters Could Control the Flames—The Loss Is Placed at \$75,000.

Woodward, Okla., April 5.—Six hundred helpless insane persons were in danger of death Sunday afternoon when a blaze, starting from a prairie fire, destroyed several buildings of the state insane asylum at Fort Supply, near here.

The fire started in the laundry building shortly after the noon meal, and the inmates had been returned to their quarters. The asylum fire department was ordered out and every effort made to conceal from the patients the fact that the building was burning.

One woman, looking out of a window, however, saw the fire and excitedly gave the alarm. "We'll be burned to death," she screamed.

The attendants rushed to their charges and tried to pacify them. The fire spread from the laundry to the pharmacy supply building and threatened the asylum itself.

When the blaze was very near them the inmates had yielded to the entreaties of the attendants and kept good order when the danger was most apparent. It took hard work to save the various ward buildings. So effective were the efforts of the fire fighters, though, that these were spared and no loss of life, such as was deemed a certain outcome of the fire.

A high wind made it seem for a moment that the whole institution was doomed. The buildings destroyed were the stable, laundry, pharmacy and employees' quarters. The loss is estimated at \$75,000.

costly statuary, paintings, silverware, cut glass, the most expensive kinds of furniture and fittings, while enough clothing some of which had never been worn, was found to supply twenty men.

In addition to these seizures the city attached the property and took possession of Downs' two race horses, Orphan Girl and Rejected Stone. Downs is still in jail and will likely remain there under \$175,000 surety until his trial.

State's Attorney Owens stated that Downs would be brought to trial this month, and that his conviction was assured.

## CUMBERLAND CHURCH WINS

Steps to Unite Are Held Ineffective by Supreme Court.

Nashville, Tenn., April 5.—The Cumberland Presbyterian church in Tennessee Saturday, won the noted church case with which the Tennessee supreme court has been wrestling for two years.

The supreme court in an opinion of ninety-one pages delivered by Justice M. M. Neil, holds that the steps sought to be taken by a proportion of the Cumberland Presbyterian church in uniting with the Presbyterian church of the U. S. A., were not effective.

It was held that the Cumberland church still existed and that its members still retained its creed, doctrines, etc. It was held that the unionists had allied themselves with a different church and different doctrines.

The Cumberlands are given the church property and the unionists are adjudged not to have a right or title to it. Their bill in which they sued to recover church property in Fayetteville, Tenn., is dismissed with costs.

During the spring every one would be benefited by taking Foley's Kidney Remedy. It furnishes a needed tonic to the kidneys after the extra strain of winter, and it purifies the blood by stimulating the kidneys, and causing them to eliminate the impurities from it. Real Independence In Owning Your Home

To live in a home that is all your own is real independence.

It's pleasant to know that you have a comfortable home when you have grown old and unable to work, and it's a duty toward your family.

Here is a man who must sell his home on account of sickness. Another must sell quickly because he needs quick cash. You can arrange for small monthly payments, too.

Where Dante May Have Studied.

St. Edmund's hall, Oxford, Eng., is now the sole survivor of the original "halls" from which university life arose at Oxford. It bears the name not of the martyred Saxon monarch, but of Archbishop Edmund Rich, who possibly about 1219 delivered near this spot the first Oxford lectures on Aristotle. This legend once enabled the present principal to retort that if Dante really visited Oxford he might conceivably have studied at St. Edmund's hall, but not at Queen's college, which did not then exist.

## THE MEXICAN LABORERS

WHO HAD BEEN IN THE UNITED STATES ARE NOW RETURNING TO THEIR HOMES.

## THEY MIGRATE TO THE NORTH IN FALL

This is the First Return of the Year, the Second Being in the Summer—Demand in Mexico for Labor Just Now.

City of Mexico, April 5.—This is the time of the year for the return of the Mexican laborers, after the migration to the north in the fall, and reports from the border are that thousands have been crossing the Rio Grande for their native homes in the last six weeks after two and three months in Texas.

This is the first return of the year, the second being in the early summer, after they have gone into Texas and other southern states for the cotton season.

Owing to the increased demand for labor in Mexico, with the opening of the mines, and the better business in general throughout the republic, the migration of the Mexican laborer to the north during the last fall and early part of the winter was lighter than it was a year ago, when the business condition in the United States was very bad.

While there is a demand for labor of all kinds in Mexico, and general shortage of labor throughout the republic, and the mines are in many instances handicapped by the lack of labor, employment agencies in this city report that they can get all the help needed. This condition does not exist throughout the republic, however, where there has been a steady demand for all the laborers that can be had for several months.

This condition has caused a slight increase in laborers' wages and will induce thousands of Mexicans to remain in the republic, instead of migrating to the north.

"RATS" AND "PUFFS" BARRED

By Managers of the New York Department Stores.

New York, April 5.—The girl behind the counter is writhing under a cruel blow. The managers of all our big department stores have put a ban on rats and puffs.

"Ladies," runs the edict, "hereafter you must appear in your own hair. Rat pompadours and puff spinners are no longer ladylike. Hereafter you will consider these suggestions as rules, any breach of which will be punished by a fine."

At the time this manifesto percolated through one great store there were 3,607 single rats, 931 double rats and 999 pairs of puffs on the job. Wherever you looked along the counters were elaborate overhangs of hair.

The beats of some counters had to be extended to make room for the hirsute balloon jibs and the jury rigs of cocoanut fiber.

The girls are in tears.

MOTHER WAS DRIVEN MAD

Because Her Daughter Was Betrayed By a Relative.

El Paso, Texas, April 5.—Driven mad by the knowledge that her 12-year-old daughter had been outraged

by a relative, Mrs. Nasaria Diaz, a resident of Jurez, Mexico, opposite El Paso, saturated her clothing with coal oil, touched a match to it and died in terrible agony.

Rushing into the street, her body a living torch, the agonizing cries of the suffering woman attracted hundreds of spectators, who watched her writhe in agony and burn to death.

She ran for half a block or more before flames and smoke suffocated her, and then, dropping in the street, her maniacal screams continued for several minutes before life was extinct.

Genuine Coca-Cola, and Genuine Hire's Root Beer served all the time at the Arlington Pharmacy.

## HE PROPOSED SEVEN TIMES

And Now Emmet and Harriet Are Soon to Be Married.

Detroit Mich., April 5.—For 21 years Emmet Richards, of Munising, and Harriet Scotten have been sweethearts, but there was no marriage, because Harriet did not quite understand her own feelings, and under the circumstances there was nothing Richards could do but wait.

In order to forestall any possible second suitor Emmet has proposed to Miss Scotten at different times, couching his suggestion in formal language, but she has always declined to entertain the proposition.

Yesterday, however, she made up her mind, and, the occasion being the seventh proposal of Richards in the 21 years, she accepted him. Both are well on the forties, but seem as enthusiastic as ever. The wedding is scheduled to take place in June.

## Women as Well as Men are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers who found Swamp-Root to be just the remedy needed. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

## TRAPPED GETTING \$1,000

OKLAHOMA MAN LEAVES MONEY AS DIRECTED BY BLACK HAND LETTERS.

## OFFICERS LAY IN WAIT AND CAPTURE M/V

Merchant's Store in Krebs, Ok., Was Blown Up by Dynamite Two Weeks Ago Last Night—Three Men in Custody.

McAlester, Okla., April 5.—The store of Joe Nellis, of Krebs, a wealthy Italian merchant, was blown to pieces with dynamite last Monday night, after he had received two letters, signed "Black Hand," demanding \$1,000.

Saturday he received another letter, still demanding the thousand dollars, and at noon today a man was caught taking the money from the place they had ordered it placed. Two others were arrested later. Following the receipt of the first two letters, Nellis, guarded by officers, placed the money, but the men were frightened away without getting it. Then followed the destruction of his store. The letter received Saturday read:

"We got the store and if you fail this time we will get your head. Fail to leave the thousand dollars if you think more of it than you do your life."

The former letters were mailed at Krebs. This time the letter was mailed at Alderson, three miles east, and he was instructed to place the money Sunday in an old coke oven near Alderson.

Two deputy sheriffs concealed themselves in a shack bin Saturday night within thirty yards of the oven. At noon Nellis went there and left the money. Four minutes after he left a young Italian was seen going straight to the oven. He went in and got the package and the officers rushed upon him. Two others, apparently following him, were later arrested.

The young man who took the money is San Dibbilla; the others are Dominio Maussires and Basil Guipanes. They are all young, are miners from South Italy and have been here but a short time. They refuse to talk.

## TO KILL ALLEGED SLAYER

Father of Murdered Girl Makes a Futile Attempt.

Minden, Neb., April 5.—Douglas Taylor, father of the young girl whom Bert Taylor, her brother-in-law, stands accused of murdering, made an attempt Saturday to kill the alleged slayer of his daughter. The men bear the same name, but are related only by marriage.

Bert Taylor, in the custody of several officers, was being taken from the county jail to the depot for transportation to the penitentiary at Lincoln. Just as he was stepping on the train Douglass Taylor sprang forward, revolver in hand, trying to level it at the accused man. Officers had an intimation that violence would be attempted and two of them threw themselves on the frenzied man and disarmed him.

## IT WAS HIS MASTER'S VOICE

Lost Dog's Owner Established Claim Via Telephone.

Frankfort, April 5.—The ownership of a lost dog has been established in a remarkable manner by the Frankfort police, the dog having recognized its master's voice over the telephone.

Conrad Maier, a grocer, living in a suburban town, informed the police that his pet terrier, "Ami," had been stolen. The police telephoned to

Maier that a dog answering "Ami's" description had been found in the possession of a suspicious looking stranger, who claimed that he had owned the animal for a long time.

The telephone receiver was then placed at the dog's ear, and Maier was instructed to talk to the animal in familiar language. The dog immediately gave every sign of recognition and barked with joy.

The pseudo-owner was so terrified by the animal's sagacity that he immediately confessed that he had stolen the dog.

## Dr. Pierce's Favorite Prescription

Is the best of all medicines for the cure of diseases, disorders and weaknesses peculiar to women. It is the only preparation of its kind devised by a regularly graduated physician—an experienced and skilled specialist in the diseases of women.

It is a safe medicine in any condition of the system. **THE ONE REMEDY** which contains no alcohol and no injurious habit-forming drugs and which creates no craving for such stimulants.

**THE ONE REMEDY** so good that its makers are not afraid to print its every ingredient on each outside bottle-wrapper and attest to the truthfulness of the same under oath.

It is sold by medicine dealers everywhere, and any dealer who hasn't it can get it. Don't take a substitute of unknown composition for this medicine of known composition. No counterfeit is as good as the genuine and the druggist who says something else is "just as good as Dr. Pierce's" is either mistaken or is trying to deceive you for his own selfish benefit. Such a man is not to be trusted. He is trifling with your most priceless possession—your health—may be your life itself. See that you get what you ask for.
